

The image shows a smartphone screen with the VENTRICE app interface. The screen displays the following information:

- Analyzing recording** (header)
- Estimated $\text{VO}_2\text{-max}$ (mL/kg/min.)**: 48.5
- Resting HR**: 54.2 BPM
- BMI**: 24.3
- Perform new recording** (button)
- Standard $\text{VO}_2\text{-max}$ for males in your group

A small white VENTRICE device is placed next to the phone, and a VENTRICE sensor package is visible in the background.
