

MESI mTABLET Print Service installation guide

MESI Print service lets the user convert any printer to a network device, which enables printing results directly from the MESI mTABLET and provides direct measurement PDF creation in a preferred folder on the computer.

Compatible operating systems: Windows 7, Windows 10, Windows 11

Procedure

1

Open the MESI website (www.mesimedical.com), click on the Menu tab and navigate to the Support section, where you select MESI mTABLET. From the list of options select Print service and click the DOWNLOAD button.

Click on the downloaded file and follow the installation wizard.

Choose your preferred language.
